

As we look back on the memories of our amazing day, we reflect and realize YOU are the ones who made it that way.

The ceremony was beautiful. We'll never forget our vows. And trust us, the reception was rockin', even if you don't remember it now! Some were dancing on the floor with multiple drinks in hand, or playing a tambourine provided by the band.

It was an unbelievable joy to have friends from far and near celebrate with us as we rang in the New Year!

We received generous gifts, lots of hugs and kisses. And some regreftully declined, but still sent well wishes.

The memory of our wedding lives deep in our hearts

And so we say

THANK YOU

for being such a special part.

Larry - As we are sending all of our "thank yous" for wedding gifts - I just had to send you one too. The gift you gave of your talent & service - was one of the greatest we received! You & your staff worked your tails off to make sure our reception ran smoothly! And the food was wonderful! We got nothing but compliments! You were such a huge part of our special day & went above & beyond for us. We are forever grateful! THANK YOU!
